

# Study of Strongly Interacting Matter

# HadronPhysics

## WP1 – Management of the Project

Spokespersons Meeting – LNF, 27-28 May 2013

# Contents

- Milestones of the Project
- Activities performed by the Management
  - Contacts with the community
  - NuPECC meetings
  - Contacts with the Commission
  - Managerial bodies meetings
  - Sponsorships
- Amendment to the Grant Agreement
- First Periodic Report

# MILESTONES OF THE PROJECT

# Milestones of the Project

- Signature of the Grant Agreement n. 283286, project title “HadronPhysics3”, by the Coordinator: **15 December 2011**
- Signature of the Grant Agreement by the European Commission: **16 December 2011**
- Starting date of the project: **1 January 2012**
- Duration of the project: **36 months**
- Pre-financing from the European Commission: **9 February 2012**
- Request for amendment n. 1 to Grant Agreement: **20 May 2013**

# ACTIVITIES PERFORMED BY THE MANAGEMENT

# Contacts with the Community (1)

<b>Date</b>	<b>Title</b>	<b>Subject</b>	<b>Location</b>
23-24 March 2012	<i>CERN Management</i>	Role of CERN in HadronPhysics3	CERN, Switzerland
12-14 April 2012	<i>Organizing Committee MESON 2012</i>	Definition of the HadronPhysics3 sponsorship	Cracow, Poland
23 April 2012	<i>INFN Sezione di Milano</i>	Discussion about European programs of INFN Sezione di Milano	Milano, Italy
20 May 2012	<i>LEANNIS meeting</i>	Presentation of HadronPhysics3 and European programs	Prague, Czech Republic
30 May 2012	<i>Jagiellonian University Management</i>	Discussion about Jagiellonian University participation in HadronPhysics3	Cracow, Poland
17-20 June 2012	<i>INFN Management</i>	The role of HadronPhysics3 in INFN programs	Torino, Italy

## Contacts with the Community (2)

<b>Date</b>	<b>Title</b>	<b>Subject</b>	<b>Location</b>
2 July 2012	<i>SMI Management</i>	Discussion about the participation of SMI in HadronPhysics3	Vienna, Austria
2 September 2012	<i>INFN Sezione di Catania</i>	Discussion about the participation of Sezione di Catania in HadronPhysics3	Catania, Italy
13 September 2012	<i>CERN Management</i>	Partecipation of CERN in HadronPhysics3	CERN, Switzerland
14 October 2012	<i>ECT* Management</i>	Role of ECT* in HadronPhysics3	Trento, Italy
9-11 May 2013	<i>Organizing Committee MESON 2014</i>	Definition of the role of the HadronPhysics3 thematics in the MESON 2014 program	Cracow, Poland
21-22 June 2013	<i>ECT* Management</i>	Present and future role of ECT* in HadronPhysics projects	Trento, Italy

# Contact with NuPECC

<b>Date</b>	<b>Title</b>	<b>Subject</b>	<b>Location</b>
<i>March 9-10, 2012</i>	<i>73<sup>rd</sup> NuPECC Meeting</i>	HadronPhysics3 Updates	Milano, Italy
<i>October 5-6, 2012</i>	<i>75<sup>th</sup> NuPECC Meeting</i>	HadronPhysics3 Updates	Sevilla, Spain
<i>March 15-16, 2013</i>	<i>76<sup>th</sup> NuPECC Meeting</i>	HadronPhysics3 Updates	Jülich, Germany

# Contacts with the Commission

<b>Date</b>	<b>Title</b>	<b>Subject</b>	<b>Location</b>
29-30 April 2013	<i>Management of the Unit “Research Infrastructures”</i>	Discussion on present and future role of the hadron physics community within the EC funding schemes	Brussels, Belgium

# Meetings of the Managerial bodies (1)

<b>Date</b>	<b>Title</b>	<b>Subject</b>	<b>Location</b>
29 March 2012	<i>Management Board</i>	Preparation of the Governing Board	LNF, Italy
29 March 2012	<i>Governing Board</i>	In agenda: election of the GB Chair, appointment of MB; voting on proposed amendment of Consortium Agreement; ratification distribution of pre-financing	LNF, Italy
29 September 2012	<i>Management Board</i>	Discussion on the progress of the project, its role in the hadron physics community, also with reference to an eventual HadronPhysics proposal in Horizon 2020	LNF, Italy

# Meetings of the Managerial bodies (2)

<b>Date</b>	<b>Title</b>	<b>Subject</b>	<b>Location</b>
18 January 2013	<i>Management Board</i>	Discussion on the progress of the project, its role in the hadron physics community, also with reference to an eventual HadronPhysics proposal in Horizon 2020	LNF, Italy
20 March 2013	<i>Management Board</i>	Meeting with members of the MB on the progress of specific activities	Torino, Italy
18-19 April 2013	<i>Management Board</i>	Discussion on the progress of the project, its role in the hadron physics community, also with reference to an eventual HadronPhysics proposal in Horizon 2020	LNF, Italy

# Meetings of the Managerial bodies (3)

<b>Date</b>	<b>Title</b>	<b>Subject</b>	<b>Location</b>
19 April 2013	<i>Governing Board</i>	Ratification of managerial decision and strategical indications	LNF, Italy
27-28 May 2013	<i>Spokespersons of activities</i>	Status report on the progress of the activities	LNF, Italy
6 June 2013	<i>Management Board</i>	Meeting with members of the MB on the progress of specific activities	Torino, Italy
18 June 2013	<i>Management Board</i>	Discussion on the progress of the project, its role in the hadron physics community, also with reference to an eventual HadronPhysics proposal in Horizon 2020	LNF, Italy

# Sponsorship of conferences and workshops (1)

<b>Date</b>	<b>Title</b>	<b>Subject</b>	<b>Location</b>
16-20 April 2012	<i>ALICE-week @LNF</i>	JRA WP27 DI-JETCAL	LNF,Italy
31 May-5 June 2012	<i>Meson 2012</i>	International Workshop on “Meson Production, Properties and Interactions”	Cracow, Poland
15 June 2012	<i>WP2-TURHIC</i>	Workshop on the Network activity “Theory of Ultrarelativistic Heavy Ions Collisions”	Nantes, France
6-10 August 2012	<i>GGSWBS 2012</i>	Georgian-German School and Workshop in Basic Science	Tbilisi, Georgia
10-14 September 2012	<i>WP7-FAIRnet</i>	Workshop on the Network activity “A worldwide research networking activity on QCD at FAIR”	Paris, France

# Sponsorship of conferences and workshops (2)

<b>Date</b>	<b>Title</b>	<b>Subject</b>	<b>Location</b>
23-28 September 2012	<i>Channeling 2012</i>	Workshop on “Charged and neutral particles channeling phenomena”	Alghero, Italy
15 October 2012	<i>Incontri di Fisica 2012</i>	Dissemination of HadronPhysics3 contents to high school teachers	LNF, Italy
16-19 October 2012	<i>Dark forces at accelerators</i>	Workshop on “Experimental searches on new gauge bosons and their connections with dark matter”	LNF, Italy
10-15 June 2013	<i>LEAP 2013</i>	International conference on “Low Energy Antiproton Physics”	Uppsala, Sweden

# AMENDMENTS TO THE GRANT AGREEMENT

# Request for Amendment n. 1

The requested modifications are:

1. **Partial transfer of rights and obligations** from beneficiary n. 37-VU (terminated) to the **new beneficiary n. 49-VUA** (Stichting VU-Vumc) from 01/01/2012
2. **Universal transfer of rights and obligations** from beneficiary n. 34-KFKI RMKI to beneficiary n. **34-WignerRCP** (Wigner Research Centre for Physics) from 01/01/2012
3. **Addition of new beneficiary n. 50-FAIR** (Facility for Antiproton and Ion Research GmbH) from 01/04/2013
4. Modification of Annex I
5. Modification of GPFs (legal representatives, contact persons, budget)

# 1. Partial transfer of rights and obligations

**Beneficiary n. 37-VU** used to comprise **four separate organizations**, two out of which were: VU University (VU) and VU University Medical Center (VUmc).

As of January 1st 2012, **Beneficiary n. 37 - VU has demerged** and has been **terminated** from HP3.

In the demerger, **VU and VUmc have become part of a separate foundation *Stichting VU-VUmc*** (the new **Beneficiary n. 49-VUA**), an independent legal entity, to which premises and staff of VU involved in HadronPhysics3 now belong.

## 2. Universal transfer of rights and obligations

**Beneficiary n. 34** – KFKI RMKI has merged into the new legal entity *Wigner Research Centre for Physics* (**beneficiary n. 34 – WignerRCP**), due to a re-organisation of the Hungarian Academy of Sciences.

### 3. Addition of a new beneficiary

The organization **Facility for Antiproton and Ion Research in Europe GmbH (FAIR)** has asked to join *HadronPhysics3* and will become **beneficiary n. 50**.

The joining implies the **transfer of tasks and budget from beneficiary n. 9-GSI to FAIR** for contributing to the Work Package **WP7** from **1<sup>st</sup> April 2013**.

FAIR will contribute to “**Task 3 – R&D on detectors, FEE and DAQ**”, specifically for the realization of **Deliverable D7.3** (the Technical Design Reports for the CBM ToF Detector, CBM Ring Imaging Cherenkov Detector and CBM Transition Radiation Detector), and of **Deliverable D7.5** (Reports on topical workshops); with an allocated **budget of 30.000 EUR**.

# FIRST PERIODIC REPORT

# Preparation of the first Periodic Report (1/1/2012-30/06/2013)

- **Scientific Report**

- Templates sent to the Spokespersons on 16/04/2013 (**Deadline: 31/05/2013**)
- Spokespersons meeting: 27-28 May 2013

- **Financial Report**

- Template sent to the Financial Contact Persons on 15/06/2013 (**Deadline: 19/07/2013**)

**Thank you  
for your attention!**

*Carlo Guaraldo*
